

Qualifications for participation:

- At least 50% of your students enrolled in grades 3-5 or 6-8 must login and work on Istation Home.
- Students must log in to Istation Home and work in the instruction during the contest period of November 17, 2014, through January 8, 2015.
- Winning schools will be selected based on the highest number of minutes per student logged in to Istation Home during the contest period. This will give everyone an equal chance at winning.
- Each of the top five schools with grades 3-5 will receive Istation bracelets for all students and an Istation banner to hang in their school which will be delivered by Paige Turner and Justin Time!
- The top 5 schools with grade 6-8 will win Istation lanyards for all students and an Istation banner to hang in their school.

Istation Goes Home for the Holidays

November 17 – January 8

The Istation Home for the Holidays home usage contest starts Nov. 17, 2014, and continues throughout the holidays until Jan. 8, 2015. It is a great way to get students involved in continuing their learning at home during their holiday breaks.

It is easy to get started!

Schools enrolled with Istation through Texas SUCCESS are automatically entered into the Istation Home for the Holidays home usage contest. There is no registration form or application to fill out. Just encourage students to work on Istation at home.

The top five schools in each of the following grade categories will win Istation gear for their students and an Istation banner for their school: grades 3-5 and grades 6-8. Schools whose students log the most time per student on Istation Home will win!

Strengthen the school-home connection and extend learning beyond the classroom with Istation Home.

An excellent way to extend a student's education beyond the school day, Istation Home helps families get involved in their children's education. Plus, with the new Assignments feature, teachers can assign interactive lessons for students to work on at home for extra practice.
