

Istation's Interactive User's Guide is a tool for assisting users in all areas of program use. The guide provides written and printable information on various topics:

- Installation and getting started
- Istation apps for Windows, Mac, iPad, and Chrome
- Istation's Indicators of Progress (ISIP™)
- Student access
- Managing data
- Viewing and interpreting reports
- Teacher tips and resources

Accessing the Interactive User's Guide

1. Log into www.istation.com.
2. Select the **Get Help** tab in the top right corner of the page.
 - a. The first link at the top of the tab connects to information about that specific page.
 - b. The second link connects to Frequently Asked Questions (FAQs).
 - c. Selecting **Go to the Help Center** also takes users to a Web page with various help tools, including another link to the Interactive User's Guide.

OR

3. Search for a specific topic by selecting **Help Documents** in the drop-down menu in the center of the page and typing keyword(s) to search.
